## XL Foods - List of Recalled Products

CFIA investigation into XL Foods (*E. coli* O157:H7)

[Main page](#) | [Related Alerts](#) | [List of Recalled Products](#) | [Questions and Answers](#)

The following is a list sorted by store name. Products sold by more than one retailer are listed under each affected store or brand. Where no specific store is identified, the products are listed by brand.

This recall also includes unlabelled and/or unbranded beef products sold at retail stores not identified in the CFIA's product list below, which may include small retailers, local meat markets and butcher shops, etc. Therefore, the CFIA is advising consumers who are unsure if they have the affected beef products in their homes to check with the store(s) where the products were purchased or throw them out.
